All Sunday ringing events in this programme are "open ringing", and visiting ringers are welcome. Other events are by invitation only. Also, as this programme is subject to change as the year progresses, it is recommended that you check in advance that the programme is still correct.

Due to Security and Health and Safety reasons, access to the tower is controlled. Normal open ringing times are 9.30am to 10.30am for Eucharist and 1.30pm to 3.00pm for Evensong. The door to the tower will be manned until 9.45am or 1.45pm. If you know you are going to be late, please contact an officer of the Guild before hand.

The telephone number of the Cathedral Ringing Chamber is 0151 702 7268. Note, as this telephone is in the ringing chamber, it will only be manned during ringing sessions

It is hoped that a further issue of this programme will be published in July 2010. However, the latest copy of this programme can be found on the Internet:-
